Honor Veterans of Two Wars

Veterans of two World Wars will be honored November 11 when Canada bows its head in remembrance of those who fought for their native land, and of those who gave their lives. The poppy is the symbol of that day. In conjunction with Remembrance Day, the Canadian Legion is selling poppy tags to raise funds for disabled veterans.

Lac la Biche Mission News

Visit of Notre Dame du Cap was marked in the parish last week. Parishioners were very glad to have the visit of the statue. The statue was adored with great love from everyone attending the mass at 3 o'clock. In the morning mass was celebrated by Rev. Fr. Charbonneau and Rev. Fr. Cabana, and Rev. Fr. Ouillette from Venice. Everyone kept a good souvenir of the ceremony. A few cars from Lac la Biche Mission were in the parade that went to Plamondon..

Weding bells will soon be ringing—more news later.

Mr. John Langevin has purchased a new Dodge truck.

Mr. Fernand Cloutier of Edmonton was here visiting his uncle and aunt Mr. S. and Mrs. E. Cloutier and family, also friends.

Mr. George Cloutier is employed by Hogans Bros. Ltd. for a part of the winter.

Miss Simone Richard was visiting at the home of Mrs. Tardif on Sunday.

Mr. Ronnie Thomas is back home after being away for about two months.

Mr. A. L. L'Heureux was here on business last week.

Mr. and Mrs. Pelletier from Edmonton were visiting their children who are attending school here on Sunday.

Mr. Yvonne Routhier and family were visitors of Mr. and Mrs. A. Boulanger at Gourin recently.

Miss Margaret Boulanger was visiting her friend Mariette Routhier.

Mr. Emile Cloutier is back home after being in Legal all fall. He will reside on the farm for the winter.

Miss Jeanette Schaub of Plamondon is employed at the home of her auntie and uncle Mrs. and Mr. Leo Cloutier.

Mr. B, Beaudry and Germaine Routhier who are both employed at Atmore were visiting at the home of Mrs. Routhier on Sunday.

Mr. Andre Cloutier is visiting friends and relations in Morinville.

Everyone in the district is praying for nice weather as there are still quite a few who haven't completed threshing.

GRASSLAND TOPICS

Shirley Derko, daughter of Mr. and Mrs. Nick Derko, was rushed to Lac la Biche hospital on Wednesday, suffering from acute appendicitis. Latest reports show a slight improvement in her condition. On the same day John Bluda needed medical attention, having cut his hand severely while chopping wood.

Miss Mary Semeniuk made a trip to town on Thursday, returning the same day.

The Ukrainian picture show on Thursday was well attended. During the intermission a collection was taken up to help the expenses of Farmers Delegates to London, England.

Negotiations are pending for the purchase of a modern furnace for the Community League from Dale Mellott. Finances are the stumbling block at present, as this is an expensive piece of equipment. Mr. Mellott is also willing to purchase a power plant for the hamlet, but here again certain financial arrangements are necessary.

Have We Forgotten?

This Saturday, November 11, a sober day in the Canadian year. For it is Remembrance Day, when we pause to honor those who fought and those who died in defence of our land in two bloody World Wars.

On this Remembrance Day we can perhaps ask, "Have we forgotten?"

Have we forgotten the awful price that thousands of our best men paid in giving their lives in order that we may live? Have we forgotten to repay those who came through those wars alive? Have we forgotten the awful havoc of war itself?

There was a time when the answer to these questions might almost have been "yes." But not today.

A stirring awaking Canada sincerely remembers and honor those who died. And through welfare legislation, our governments are slowly doing their best to honor those dead by caring for the living who cannot care for themselves.

A brave, new Canada is standing firm against the threat of another war. It isn't looking for war outside its borders, but is strongly on guard against such a visitation within our land.

And so we say, on this Remembrance Day, "Honor the dead. They deserve it. Respect the living. They need it."

Tremendous Debt

While Canada has shown healthy surpluses in the National budget, year after year since 1945, the American republic adjoining our borders has been increasing its debt.

Public and private debt in the United States, on December 31, 1949, amounted to $442,000,000,000. This represented an increase of about two and one-half per cent for the calendar year, 1949.

Of this indebtedness, the Federal Government owed about $218,500,000,000 and state and local governments owed $18,000,000,000. The rest of the sum represents indebtedness incurred by the people and corporations of the United States in their own business affairs.

This tremendous total of indebtedness would have scared financiers to death thirty years ago. Nobody would have believed that the nation and its people could carry such a financial burden except in the greatest distress. Nevertheless, something like prosperity seems to be abroad in the land and few seem to be concerned about the amount owed or how it will be paid.

Too Many Baths?

George Bernard Shaw, the world-renowned play-wright who died last week at the age of 94, spent the last few weeks of his life in a hospital with a fractured thigh.

Never one to conform to the world he lived in, in his last days Mr. Shaw complained that he was given too many baths and, on one occasion, demanded a receipt in writing from one nurse to prove that he had had his bath for that day.

In London, the medical press, discussing the Shaw complaint, says that it has come to the conclusion that hospital bathing "has been and is being over-done and that it is time the mischief was abated." The press adds that the procedure might have been necessary one hundred years ago when patients were likely to be dirty.

So, add to the Shawvian legend this one about bathless hospitals. It will take years, though, before we know how it adds to the immortality of his memory in the minds of nurses and patients alike.

Note and Comment

A glut of potatoes broke the Alberta market, the price going down to $20 a ton last week. That figures out at a cent a pound.

The federal bureau of statistics states that farm costs reached an index figure of 201.5 last August, which is double the base figure prevailing from 1935 to 1939.

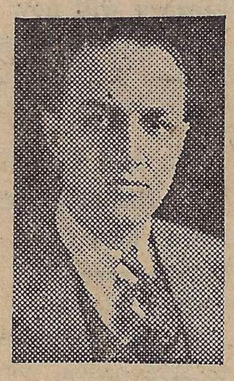

During 1949 Canadians spent $3,012,000,000 for food. This is a record figure and compares to $2,700,000,000 spent the year before. Canadians spend more for food than any other item.

Heat, War and Beauty

By T. W. PUE

The late October heat wave which swept across the United States 10 days ago brought mid-summer temperatures to Manitoba. I know, because I was there the last Sunday in October. Everyone was seen walking with topcoats carried instead of being worn and motorists could be seen driving in their shirt sleeves.

This unseasonal heat wave, which also brought the highest November temperatures to the Maritimes, with 65 above at Charlottetown on Sunday, Nov. 5, is explained by the presence of westerly winds, well north of their nomal position, which cut off cold polar air and let in the warm, tropical air from the Pacific and the Gulf of Mexico.

T. W. Pue

This is the official Weather Bureau explanation but one should remember that our weather moves in waves. In the winter, we speak of cold waves and in the summer of heat waves. Both are of the same pattern. The emphasis is that of man's.

There are many things that we do not understand about weather and climate, but, in general, these seems to be some foundation for the belief that the nation has experienced warmer weather than usual during the past few years. This is not discovered by comparing temperatures on the same day of the year, but by average temperatures over a considerable space of time. How long the warm cycle will last is problematical and whether it is to be reversed by a cycle of cold years, remains obscured to human intelligence.

The geologists tell us that the North American continent had its Ice Age many centuries ago but nobody is able to say with definiteness exactly what the course of our climate has been. Neither is man able to accurately predict what is in store for the continent some hundreds or thousands of years from today. Speculation is interesting but the problem is not one to daunt us at the present time.

An increase of a fraction of a degreee of higher temperature each year for 50 years would make desert wastes of Texas and Oklahoma and make central Alberta an orchard area. Wheat would be grown in fields north of McMurray and millions of people would be moving into the North West Territories.

Ho hum—it's 15 above this morning, Nov. 6. And I've known it to be colder than that in Alberta in November.

War in Korea

Milder climates 50 years hence won't help the Canadian special force moving over to Korea now. Latest forecasts of this war, now that the Chinese Communists are sending armies in to fight the U.N. forces are that the war could last all winter. And Korea isn't like Bermuda or Hawaii—they actually get snow and cold there.

I saw scores of the boys in uniform with their special U.N. shoulder patch on the trip to Manitoba. The Army is sending them all home for four days' pre-embarkation leave. One young veteran of World War II told me that they signed up to see action, and that if it should be announced that the special force would not be sent to Korea, half the force would go A.W.O.L. in protest.

Hint To the Smart Girls

We are getting a little fed up on the pictures of beauties, half-clad, as they prance around for a chance to be called a"beauty queen," posing before picture cameras of U.S. periodicals.

The contest idea has been worked overtime so far as feminine shapeliness is concerned and some of the contestants seem to be ready for anything so long as it is called a "contest" with a prize attached, to be awarded for pulchritude.

The obvious explanation is that the American public is girl conscious (and judging by all the girlie books on the newsstands in Edmonton) some Canadians are, too. Just the same, it is about time for some smart Canadians girls to figure out a publicity stunt that calls for more beauty and less nudity than their American sisters display.

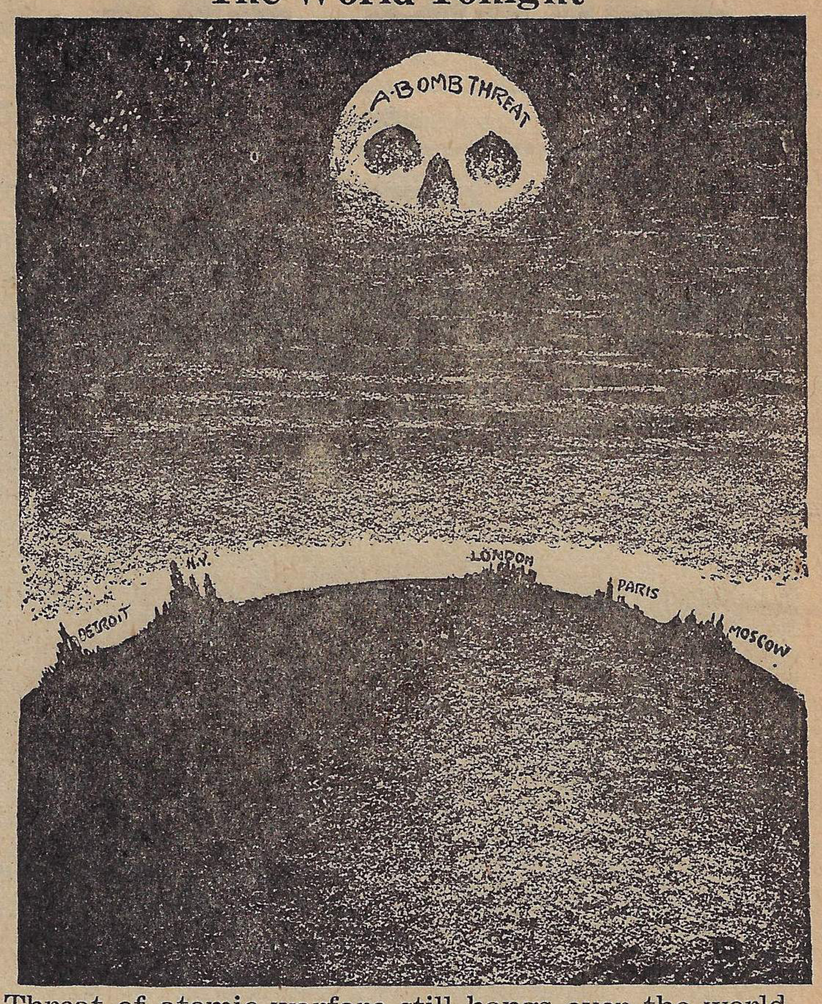

Scriptural Meditations

By AINSLEY BLAIR

"If Christians would associate together, speaking to each other of the love of God, and of the precious truths of redemption, their own hearts would be refreshed, and they would refresh one another. We may be daily learning more of our heavenly Father, gaining a fresh experience of His grace; then we shall desire to speak of His love; and as we do this, our own hearts will be warmed and encouraged. If we thought and talked more of Jesus, and less of self, we should have far more of His presence."

Dear Sir,—This is a warning to all husbands. Don't take a recent letter writer's advice and try spanking your wife. I tried it a couple of years ago and it turned out all wrong. She turned out to be stronger than I was and I wound up being the one paddled. Worse yet, now that she's found that out, she settles all arguments by using her hair brush on me. Men, don't ever try to spank your wife unless you're sure you can do it.

Technocracy:

Dear Sir:—Your headline of your story, "Alberta Technocrats May Disband Organization Here," is misleading and has no basis in fact. Mr. Argyle's reference to the closing of Technocracy's offices in Edmonton must be merely a surmise on his own part.

However, he did give a good outline of Technocracy as far as he went.

If the people of Edmonton and North America allow Technocracy to fold, then they will have reached a new and disastrous low, for, as Encyclopedia Americana states, "Whatever the future of Technocracy, it is the only program of social and economic re-construction which is in complete intellectual and technical accord with the age in which we live."

It is a plan of operation for the continent of North America and can be adopted overnight by the governments in power—at any time that a sufficient number of the population demand it. The organization has no assumption of power but merely seeks to educate the intelligent minority capable of grasping a new idea. It is not a popular organization simply because it makes no emotional appeal.

With living costs soaring at the present rate, Technocracy should not have too long to wait. In the meantime Technocrats are still active in Alberta.

COMMENT FROM THE PRESS

Pity the Plight Of Gadsby

(From Toronto Globe & Mail)

The little Southern Alberta town of Gadsby is in a mighty bad way, according to Dan Wood, rancher, now en route to England. Dan puts the ranch centre's plight on a statistical basis: three-fourths of the male population wants to get married but can't, owing to the shortage of women. What the numerical deficit of women in the population is he doesn't reveal. But it's clear enough that any community, big or little, which can provide only one-quarter of the required number of brides is approaching extinction.

Could it be that the name "Gadsby" is not attractive to the feminine ear and that women shun it to locate where place names are more suggestive of romance and living happily ever after? If Gadsby is doomed to disappear for lack of progeny anyway, why not try changing the name to Elysium, Dreamville—or even Pandoratown? The post office list shows even fancier names than these scattered across the western plains, and they may be magnets to the fair. Look at the names of perfumes they buy.

It's worth a try, especially as all the lonesome bachelors cannot follow the example of Dan Wood, who is crossing the Atlantic to find a woman in Cumberland who will do his cooking for him.

AGRICULTURAL CONFERENCE SLATED FOR NOVEMBER 30

Because of another Dominion-Provincial conference on fiscal and constitutional matters which will begin on Dec. 4, the date for the opening of the Dominion-Provincial Agricultural conference (previously announced to open on Dec. 4) has been advanced to Nov. 30.

The agricultural conference will open at ten a.m. Thursday, Nov. 30 in the Railway Committee Room of the House of Commons and will last two or three days as may be found necessary.

This annual conference brings together representatives of federal and provincial departments of agriculture, and delegates from organized farm associations to review the agricultural situation and make plans for a production program for 1951.

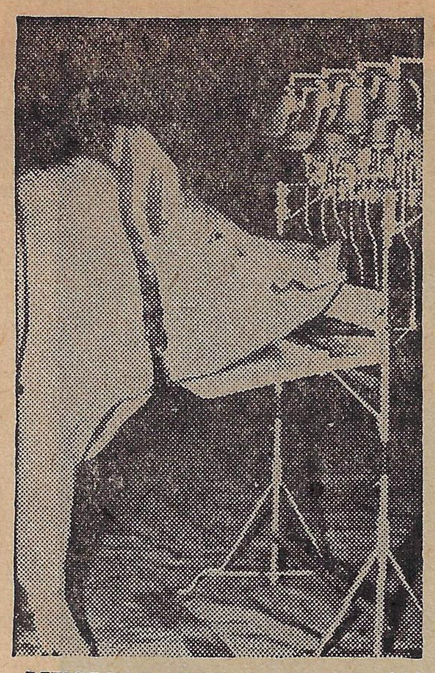

Beiseker Men At Convention

BEISEKER. — Mr. Matt Schmaltz and Mr. A. J. Purvis represented the Kneehill Municipality as delegates to the Central Alberta Municipality Convention held at Red Deer, Saturday, Oct. 28.

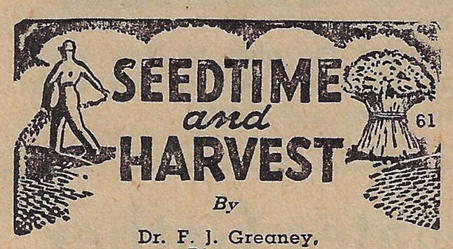

Items of much interest were discussed. Resolutions were passed to be presented at the Annual Provincial Municipal Convention in Calgary on Nov. 22 and 23.

One resolution was calling the Provincial Government to reinstate the coyote bounty. The coyotes are a niusance all over the province and are causing much damage to farmers.

Effect of Frost on Germination

The following germination results are presented with the hope that they may help to answer the question so many prairie farmers are asking this fall. Will seed from frozen grain crops germinate satisfactorily?

Germination Results. Line Elevators Farm Service has completed germination tests on a large number of farmers' seed samples of wheat, oats and barley from many different districts of Manitoba, Saskatchewan and Alberta. A summary of the results is given in the following table.

Crop	No. of Samples Tested	% of Samples Damaged by Frost	Percentage Germination of Frosted Samples	
			Average	Range
Wheat	600	48	78	6 to 98
Oats	278	57	58	2 to 97
Barley	258	42	67	6 to 94

Of the 600 wheat samples we have tested so far this fall 320, or 48%, were visibly affected by frost. Many of the frosted wheat samples germinated vigorously, but in 19% of them the germination was below 75%. Moreover, several samples germinated less than 25%.

A high percentage of the seed samples of oats and barley tested from this year's crop, 57% and 42% respectively, were damaged by frost. Although many of the frosted samples of both oats and barley germinated strongly, as high as 95% in some cases, germination in 69% of the oat samples, and in 53% of the barley samples, was below the 75% level, with many of the frosted oat and barley samples germinating below 10%.

Conclusions. From the germination tests completed so far this fall it is clear that frost damage to seed germination cannot be determined by visible signs or effects. The obvious and clear fact is that no farmer can afford to take a chance on his frosted seed germinating satisfactorily. Every farmer can save himself considerable worry, and perhaps the necessity of buying new seed, by having his seed tested for germination.

Free Tests Available. Free germination tests are offered by Agents of the Line Elevator Companies listed above. Don't wait, get this important job done this fall. Be prepared to plant only clean, high-germinating seed in 1951.

Strome Has Youngest Alberta Hotel Manager

By FRANK KRENN

Robert "Bob" Chartier, who was recently appointed manager of the Selkirk Hotel at Strome, enjoys the distinction of being the youngest hotel manager in Alberta.

Born at Coal Lake, Alberta, in 1924, the son of Mr. and Mrs. Romulus Chartier of Edgerton, Alberta, "Bob" was educated at St. Jean's College, in South Edmonton.

During the construction of the Alaska Highway, Mr. Chartier was a 'dozer operator for Mannix Construction Co. In 1946, at the age of twenty-one, Mr. Chartier was appointed manager of the Allouette Hotel at La Pas, Manitoba. Moving to Alberta in 1948 he became a partner in the hotel at Alix, Alberta. He comes from a family of hotelmen. His father owns the Edgerton Hotel at Edgerton, and his brother, Rennie, operates the Alice Hotel at Camrose. Happily married to Gloria Roberts of Alix, Alberta, Bob can look forward to many years of successful hotel operation.

Nazarene Delegates Gather For Mid-Century Meet

By REV. C. E. RAWSON

The ministers and their wives from across the Canada West District of the Church of the Nazarene, which includes the provinces of Manitoba, Saskatchewan, Alberta and British Columbia, gathered last week for the Mid-Century Regional Preachers' convention held at the First Church of the Nazarene, Spokane, Wash.

The Canada West group led by District Superintendent Dr. Edward Lawlor comprised one of seven other districts co-operating.

Special speakers for the occasion included General Superintendent Dr. G. B. Williamson; Dr. S. S. White, editor of the official church paper the "Herald of Holiness"; Dr. Roy F. Smee, General Home Mission Secretary, and Dr. Hugh C. Benner, President of the Nazarene Theological Seminary at Kansas City, Missouri.

The convention continued from Tuesday, Oct. 17 to Thursday, Oct. 19.

Rugged Gal

Never having worn a pair of shoes in her life, the mountaineer's feet were tough as leather. Her husband, stretched out on the cabin floor, watching her stir the fire in the fireplace, laboriously lifted a hand to remove his corncob.

"Maw," he said, "best move yore foot. Thar's some live ashes under it."

She kept on stirring. "All right, Henry; which foot?"

CANADA MOVES UP

OTTAWA.—External trade, always important to Canada, is now more important than ever. Today, Canada is the third trading nation in the world, and on a par per capita basis is second.

New Highway Will Open Alberta's Last Frontier

Alberta's pace-setting development is on the verge of creating a new host of boom towns—this time in the Lac Ste. Anne district northwest of Edmonton—with the announcement that a new road link with the Alaska highway will be undertaken 'immediately'.

The new link will open up the heretofore unsettled vastness between Whitecourt and Grande Prairie, as the new road will give Edmonton a short, direct link with the Alaska highway.

At present a poor road and a one line railway runs northeast one line railway runs northwest from Edmonton through Onoway, Cherhill, Sangudo, Mayerthorpe, and on to Whitecourt. But there it ends.

Behind it stands a vast chain of fertile valleys untouched by civilization.

But the new road will do more than open up Alberta's last frontier. It will bring a tremendous flood of business to the towns between Edmonton and Whitecourt, for this is the route over which most commerce will flow into the Peace River country, northeastern B.C., and Alaska.

Signs of an oil boom have also been seen in the Lac Ste. Anne district. Between Lisburn and Sangudo an oil company recently brought in a successful wildcat well, and it looks as if others are on the way.

The new road itself will stretch back from Whitecourt to Valleyview, where it joins the present road to Grande Prairie about 50 miles east of the center. The new road will be about 100 miles long, and will be about 100 miles shorter than the present route to Alaska.

The road will traverse the area where a crew of searchers are currently seeking five airmen whose plane may have crashed in the area three weeks ago.

LABOR RAPS JAIL SET-UP

Organized labor has attacked the provincial government over the administration of the province's jails.

Last week the Calgary Trades and Labor Council heard a report from George Perry, chairman of the resolutions committee of the group, which charged that prisoners in the Lethbridge jail recently staged a sit-down strike over poor food.

Mr. Perry said his informant was a unionist who had served a 25-day term for a traffic violation. He did not name him.

He said he had made a personal investigation which showed that Lethbridge jail inmates were improperly fed.

"This government of ours," he said, "does not see fit to hire even one trained cook to see to it that these men are properly fed."

In the ensuing discussion, one delegate said he had spent a year in the jail in his younger days and had never seen an egg during the whole time, despite the fact the jail operates a chicken farm.

"I wouldn't even tell delegates of some of the things that go on in jail," he declared. He charged that "decent people lose character, that nobody knows and nobody apparently cares very much about it."

The council unanimously passed a resolution supporting establishment of a board of prison directors, with labor representation. This is being referred to the executive of the Alberta Federation of Labor for submission to the provincial cabinet.

Pioneer Alberta Couple Honored

Pioneer Redwater district couple, Mr. and Mrs. Paul Pysmany, were honored recently at a surprise party on the occasion of their 25th wedding anniversary. Seen here, left to right, is Mrs. Hazel Lopachinsky, Mrs. Wm. Lukawatsky, Mr. and Mrs. Pysmany, Andrew Holowack, and Fred Krys.

Technocrats Deny Plans To Disband Movement

A high officer of Technocracy Inc. has denied intentions of disbanding in Alberta 'or anywhere else on this continent,' following the publication of an exclusive story in this newspaper dealing with the future of the Technocrats in Alberta.

The denial was made by Wilton Ivie, assistant secretary of Technocracy Inc., from the organization's Continental Headquarters in New York.

Article reported that the movement may disband in Alberta through lack of support.

While the Technocratic officer took no objection to the article's outline of Technocracy's program and principles, Mr. Ivie said the article contained several "erroneous statements."

The story, which outlined the history of Technocracy, stated that the organization was banned between 1940 and 1943 because it objected to Canada's participation in World War II on the grounds that the war was being fought mainly to prolong the system.

Ivie declared that Technocracy was not banned on these grounds, but because the organization advocated total conscription, and was banned due to an "agreement between the Liberal party and Quebec politics that conscription would not become an issue in Canada during the war."

However, in 1944 conscription became such a controversial issue in Canada that the Liberal party nearly lost its support in Quebec before the matter was settled.

Mr. Ivie said that "restrictions were lifted on Technocracy in Canada (because) the ban could not be sustained in the courts."

Investigations on the part of this newspaper failed to reveal any court action in Canada over the legality of Technocracy during the late war.

Mr. Ivie went on to say that the membership of Technocracy is larger now than during the depression, but that this does not matter, because "Technocracy is an idea whose time has come, and does not depend upon the mass conversion of followers.

The assistant secretary of Technocracy admitted that the organization is waiting, as the article stated.

Mr. Ivie said that "we are not attempting to force any social design upon you or anyone else. We are waiting in the full knowledge that, when you have finangled around with the price system until you can't make it work any more, you will come howling to the Technocrats to save the social order."

"Technocrats can afford to wait, but can you?" Mr. Ivie added.

Boyle to Vote Dec. 16 On Hospital District Plan

BOYLE—A plebiscite will be held here Dec. 16 on the establishment of a Boyle Hospital District.

This was announced by Sid Alexander, chairman of the committee in charge of arrangements. Harry Witner is secretary-treasurer of the committee.

Plebiscite will be held to determine whether voters are in favor of the establishment of such a district whereby an arrangement will be made with hospitals at Lac la Biche, Radway and Athabaska to supply Boyle district residents with hospitalization at $1 per day per patient.

Given 18 Months On Perjury Count

Michael Bereziuk, 62-year-old Newbrook district farmer, convicted last Tuesday on a charge of perjury, was sentenced in Edmonton supreme court Saturday to 18 months imprisonment in Fort Saskatchewan. In addition he was fined $100 or another six months.

Bereziuk was convicted of giving false testimony as a defence witness in an assault case heard in police court Sept. 7, 1949, at Thorhild. In passing sentence, Mr. Justice Boyd McBride said, "You have repeated your perjury in this court."

The Massey Harris Velvet Ride Seat

Every tractor operator knows the dulling backache of a day in the hard, rigid seat of an ordinary tractor—jolting and jostling over the ruts and bumps on hard, uneven ground.

The velvet ride seat is mounted on a variably rate coil spring and double action hydraulic shock absorber which have the effect of levelling out rough ground to give you a ride "Smooth as velvet." You'll get more work done because you'll feel better while you're doing it. Velvet ride seats can be fitted to any older Massey-Harris model if desired.

THE OLD HOME TOWN —By Stanley

Plans Complete For Redwater Skating Rink

The Redwater Skating Rink association held its first meeting in their new premises. Mr. K. Oakley presided and Mr. M. Sawka was the secretary.

In the president's report Mr. Oakley stated that all installations of electricity, gas and water have been completed in the dressing room and toilets. A booth has been provided in one corner of the dressing room to be used by the Women's Institute to sell refreshments.

The association will assume the electric light bill as from Nov. 1. The boards which belong to the Students' Union will be put on the floor of the dressing room to protect the inlaid linoleum from damage by skates, etc. A work party will be organized to do this on Nov. 9, at 7.00 p.m.

A caretaker will be hired on application and season's tickets will be sold. Duplicate receipt books will be acquired for distribution with tickets for records.

A bank account will be opened with the Royal Bank of Canada and two out of three signatures will be required (president, secretary and treasurer). The treasurer's signature must be on each cheque.

The next meeting will be held in two weeks.

Redwater Oil Battery Burns

Imperial Battery No. 4, about two miles east of here exploded and burned, destroying two tanks and great quantities of oil, on Sunday, Oct. 29.

It was a miracle, as some stated, that the remaining two storage tanks of this battery did not blow up as well.

Great crowds gathered to witness the huge fire and great clouds of dark smoke combined with the mist to make travel hazardous for motorists in the evening.

No definite causes of the explosion have been established. No one was injured in this explosion. The Imperial fire engine was called out but was not put into action as the fire was beyond control upon the firemen's arrival.

During the intense mist and smoke on Sunday evening a light delivery truck crashed into a car at the road intersection half a mile west of here. Some damage was done to the vehicles but no one was injured in the collision.

Solution To This Week's Puzzle

The LIGHTER SIDE

Evidence to the Contrary

The boss of the shipping department was bustling along about his duties when he sighted plump George, one of his workers, gazing blankly out the window.

Irked, the boss confronted statuesque George and said: "Listen, fellow! Don't you know you'll never get anywhere by just standing around?"

"Oh, I don't know," George said. "Did you ever ride an escalator?"

What's the Use

A farmer had a son at college.

At the end of the first year the son came home in high feather. He stood second in his class.

"Second?" said his father, "Second! Why didn't you stand first? What do you think I'm sending you to college for?"

The young man returned for his second year determined to win first place. At the end of the year he returned home and announced his success to his father.

The father looked at him for a few minutes in silence, then shrugged his shoulders, and said: "At the head of the class, you? Well it can't be much of a college after all."

New English Economy

Near a small Cape Cod village a tourist came upon a charming cottage set like a jewel in the midst of green, rolling lawn flower beds and stately shade trees. The dwelling was freshly painted white and set off by bright green blinds, while tastefully arranged upon its broad veranda were hammocks, easy chairs, and brilliant sofa pillows, all the adjuncts of summer comfort.

"Whose place is that?" the traveller inquired.

"That," his guide casually rejoined, "is the poorhouse."

"The poorhouse!" exclaimed the astonished tourist. "You must have some mighty fancy paupers."

"We ain't got but one," the guide replied, "and she's an old woman. The overseers board her out with one of the neighbors, and let the poorhouse to some Boston swells for the summer. And that, sir pays all her keep!"

LETTER TO LOUISA

Girl of 20 Writes Of 'Chaperon Trouble'

DEAR LOUISA:—I have written to your column before and as you answered my problem so well the first time, well here's my problem this time—it's chaperones.

I have been keeping company with a man 11 years older than myself. I'm 20. I find this man's company very good. He is amusing, yet sober-minded enough, and he is a gentleman.

My parents haven't a thing against him, except, perhaps that he dosen't attend the Sunday services as faithfully as we do.

Mother even says she likes him and that age doesn't matter, unless, of course, the gap is too wide.

I think I love him and I'm sure he loves me. We intend to get married in a year or so.

Even after I've mentioned possible marriage with this man, mother still insists on us having my sister or brother with us when we go out. When he takes "us" back I'm expected to get back in the house along with the others. I like to linger a few minutes alone with him but mother thinks this is unreasonable. Is staying back those last few minutes so bad that I should be reproached for it?

I've never given my parents any reason to distrust us, although I understand her concern.

My boy friend knows about this and he can't help but feel that he's not welcome. When I know that he is.

I think that chaperones are o.k. for kids of 13 or 14 and "puppy love," but for a girl of 20?

I hope you will give me your opinion.

BLUE EYES.

Answer—I must agree with you that it is not unreasonable for you to want to linger with your boy friend for a few minutes while saying goodnight.

In my opinion, though, you are putting too much emphasis on the serious aspects of your relationship—love and marrioge—and perhaps that is the reason for your mother's concern.

After all, a gap of 11 years is considerable, though if time shows that you truly love each other, that dosen't matter,

Meanwhile, I would advise you to consider him just your "boy friend." Perhaps if you show your mother that you are not impetuous, but sensible and level-headed as far as this matter is concerned, she too will take a more reasonable attitude.

LOUISA.

WASKATENAU COYOTE HUNT JOINED BY 100 RESIDENTS

WASKATENU. — The village main street looked like an army being readied for an invasion, on Sunday, the 22nd of October when over 100 residents gathered for a coyote hunt north and west of the village.

Every one had rounded up a blunder-buss, a packet full of ammunition and a lot of ambition to kill a coyote, which are very numerous this year. After a briefing the men were transported in trucks to their stations and at a set time all started to walk over farm lands to drive the coyotes to the centre of all the hunters. For awhile the sound of gun-fire was deafening and after the day's hunt was over the total coyote casualties were counted—Dead after the hunt was one jack rabbit, but a good time was had by all participating.

Mr. and Mrs. Norman Wirun are proud parents of a daughter, Maxine Evelyn, a sister for Gerald.

Mrs. Tony Mastater has left her Waskatenau home to accept a teaching job at Pine Knoll school near Vilna.

Another young man in town has decided to take the fatal step. Have you ever noticed the grin on Marshall Mudryk's face from ear to ear? Look at Helen Harryniuk's sparkle on the third finger of her left hand.

Mr. and Mrs. George Seminiuk wish to announce the engagement of their daughter Alga to Mike Mulak, son of Mr. and Mrs. Joe Mulak Sr.

The reliable welder, Mr. Dave Horbel has left Waskatenau. He and his family are making their home in Redwater now.

Wayland F. Vaughan, psychologist: "It is impossible to achieve perfect peace of mind and even if it were, it would be undesirable."

Waskatenau Home And School Holds Meeting

WASKATENAU—The meeting of the fall term of the Waskatenau Home and School was held in the Waskatenau high school. Despite the bad roads and storms a fair crowd attended.

The first item of business was the installation of the new officers. They are as follows: Mr. Walter Choba, president; Mr. Robert Elliott, vice-president; Mrs. Mary Chorney, secretary; Mrs. F. Dorosh, social convener; Mr. H. Goettel, treasurer; Mrs. A. Hawrelak, program convener; Mr. R. Clarke, membership committee.

Several discussions of the organization took place so the new year would be started out with firm understanding.

The topic of "Child's Bill of Rights" was brought up and read out. This topic was tabled for a more full discussion to take place at the November meeting. It was decided to have all the children that were members of the library class of the summer holidays present at the November meeting to receive thenr badges and certificates.

The meetings of the Waskatenau Home and School are held on the third Tuesday of each month at 8:30 o'clock. Come one, come all and join to make our parents and teachers efforts more successful.

SUNDAY SCHOOL LESSON

True Christians Practice Racial, Religious Tolerance

What should the Christian's attitude be toward peoples of other nations and other races?

This is a question of importance to individuals in localities where there is a mixture of races and is just as important to the people of one nationality in determining their fellowship with other nations, often composed of people of another race.

The ancient Jew certainly had his full share of racial pride and exclusiveness. He considered himself one of the chosen children of Jehovah, occupying a position of favor and privilege in the plans of diety, therefore, not to be contaminated by contact with a foreigner which included all those not descendants of Abraham.

This traditional attitude of the Jew, however, was occasionally softened by some of the great Jewish leaders, who were broad enough and liberal enough to realize that it was mainly prejudice. One of the earlier example was that of Solomon, praying at the dedication of the Temple, who petitioned that the prayers of the foreigner might be answered, as well as those of the faithful Jew, (I Kings 8:41-43).

The teachings and life of Jesus show how completely he rejected the narrow viewpoint of the Jewish tradition, refusing to limit the possibility of salvation to the Jew alone even going far enough to warn that outsiders might come in and take what had been offered the children of Abraham.

The great commission delivered to his followers, just before his ascension, embraced all mankind as the object to receive truth. Time and again Jesus, by example and word, sought to broaden the love and sympathy of mankind, as he went among the exclusive Jews, as is especially shown by his attitude towards the Samaritans.

Between the Jews and Samaritans there existed a cordial hostility. The Assyrians carried into exile the leading inhabitants of the Northern Kingdom and colonized the country with members of their own race, who during the process of centuries were mingled with the Jewish remnant thus forming a cross between the two peoples. In religion they differed from the Jews, for although they accepted the Pentateuch, they had their own Temple and priesthood.

Yet, in his immortal parable, to illustrate the neighborhood of man, Jesus used the figure of a Samaritan as a benefactor, after a Jewish priest and Levite had successfully passed the strichen Jew, (Luke 10:20-37).

The early Christian followers faced the problem of deciding the extent of the new dispensation. Naturally, at first, those who followed Jesus were only Jews, but it was not long before the inevitable decision had to be made as to whether or not the new salvation was open to the Gentile as well.

During his ministry Paul waged unceasing battle with the conservative exclusive Jewish attitude, upholding the necessity of the new faith.

Standing upon the fatherhood of God, which carried with it the brotherhood of man. Paud refused to accept any limitation of the new faith, knowing neither Greek nor Barbarian, Jew nor Gentile, in the availability of the blessings offered by entrance and participation in the kingdom of God.

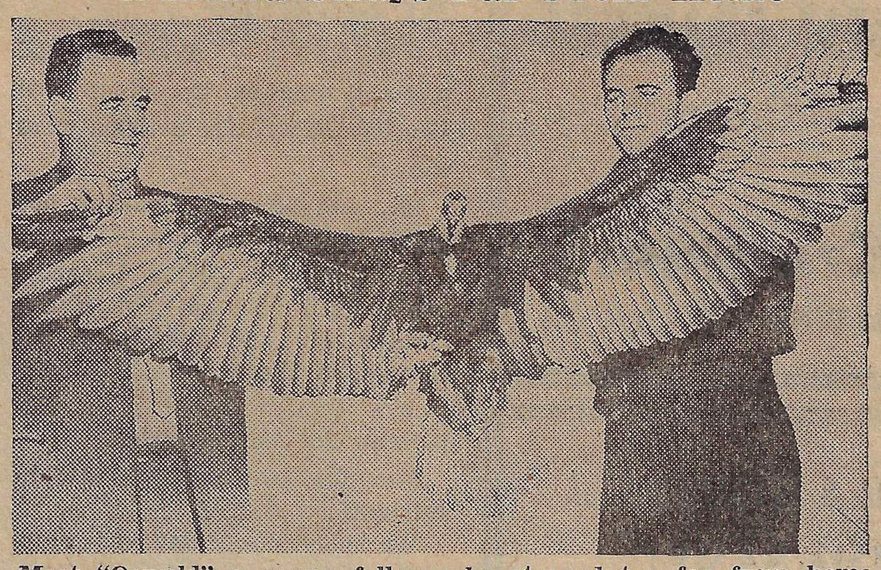

Socreds Plan Early Caucus

Caucus of Social Credit members of the Alberta legislature will be held at the legislative buildings Monday and Tuesday, Nov. 27 and 28.

At the caucus, members will report on conditions in their respective ridings.

Buzzard Strays Far From Home

Meet "Oswald" a young fellow who strayed too far from home. Oshawa pound keeper, captured the bird and here shows the six-foot wingspread.

Power Company Launches New Alberta Project

Two coal mining companies, together with a power company, are writing a new chapter in the story of Alberta's industrial development.

Just a few months ago, two new coal mining companies, Forestburg Collieries, Limited, and the Alberta Coal Company, commenced preparation for large-scale strip-mining operations on their properties lying on either side of the Battle River, between Forestburg and Halkirk, southwest of Edmonton.

Electric energy is the ideal power source for the recovery of coal and Canadian Utilities, Limited, which has served this area for many years will spend about $335,000 for ample power for the mines at all times.

Production at the mines is scheduled for this Fall, to be gradually increased as their installations move towards completion, which is expected to be reached early next year. This year's expenditure of $205,000.00 to supply power by Canadian Utilities Limited, has been practically completed and early next year the job will be finished at an added cost of $150,000.00.

This will provide a lot of power but the need for it becomes evident in view of the huge machines to be operated. As an illustration of this, there is under consideration by one of these mines the possible installation of an electrically powered, eleven yard power shovel capable of taking coal from the seam in ten ton bites, five of these being enough to load a railway car to capacity.

This is a development new to Alberta and its progress will be followed with interest.
